

March 1st, 2020

To the Patients of John D. Edwards, MD,

With this letter I am writing to let you know that as of the end of April, I will be leaving my practice with Alamo ENT Associates to move to Houston, Texas. I have greatly enjoyed the privilege and honor of being your physician over the last 15 years. The offices that I have practiced at, our Northeast office at 8715 Village Drive and our Schertz office at 1420 Schertz Parkway will remain open, with the same caring and competent staff. My partners and fellow Otolaryngologists at Alamo ENT Associates will continue to staff these offices and provide the same high quality care that I hope you have received over the years. Thank you again for the opportunity to be your doctor. I will miss the relationships developed with all of you over the years but I know you will find the same with my partners at Alamo ENT Associates.

Appointments scheduled with me through the end of April will be unchanged. Any appointments scheduled after this date will automatically be adjusted to be with one of my partners at the same office they were originally scheduled. Feel free to call our Northeast office with any questions at 210-967-7377.

Your Medical Records will be held with Alamo ENT Associates. Please call our Northeast Office at 210-967-7377 if you need a copy of your records and they will readily available.

I wish all of you the best of health.

Sincerely,

John D. Edwards

John D. Edwards MD
